

## Supporting Employees with Cancer

According to the [American Cancer Society](#), an estimated 1,660,290 new cancer cases will be diagnosed in the U.S. this year. Being prepared to support employees who are diagnosed with cancer can reduce turnover, positively impacting the company's bottom line while improving morale and recovery for the employee who is ill. Many employers are already supporting cancer research and education efforts through initiatives like the [American Cancer Society's Relay for Life](#), which will take place this month and raises over \$400 million annually.
